

How is public procurement regulated in Switzerland? The Swiss Confederation and the 26 cantons each have the power to enact their own public procurement legislation for public procurements by entities on a national and cantonal/municipal level within the framework provided by international and national law. Thus, public procurement in Switzerland is regulated on three levels: What are the different types of procurement procedures in Switzerland? Swiss public procurement law knows four different procurement types of procedures: Open procedure („offenes Verfahren“): All interested providers/suppliers may submit an offer after the planned procurement has been published (Art. 18 FAPP/IAPP). What is the Swiss earnings structure survey? The Swiss Earnings Structure Survey (ESS) is a survey carried out every two years among private and public enterprises and administrations in Switzerland. It allows a regular description to be made of the earnings structure in all economic activities of the secondary and tertiary sectors based on representative data. Can a public procurement contract be cancelled or terminated in Switzerland? It is disputed in Switzerland whether a contract which has been concluded in violation of public procurement law (i) is void or must be cancelled or terminated or (ii) whether the review body may only declare its invalidity and award damages (Art. 58 III FAPP/IAPP; Art. 9 III FAIM). Where can I find e-procurement notices in Switzerland? Most of the public procurement notices and many of the contract award notices at federal, cantonal and municipal level are published online on .simap . Apart from that, e-procurement is still not very well developed in Switzerland. How can I trust switzerlandenders for accurate tender information?
