

## home battery pack tender price in Brazil 2025

Why is Brazil launching a battery auction in 2025? Regarding the launch of the BESS auction in 2025, the Brazilian minister, Alexandre Silveira de Oliveira, said: "The purpose of the battery auction is to boost battery technology in Brazil and try to bring Huawei and other large battery producers, mainly from China and other countries, to be able to bring technology to Brazil." How much money will Brazil make from a battery auction? Brazil's first-ever auction to add batteries and storage systems to its national power grid, scheduled for later this year, is seen generating \$450 million in investments, according to an estimate by consultancy firm Oliver Wyman. Could a BESS auction boost renewables in Brazil? The launch of a dedicated BESS auction in Brazil could help boost the growth of the technology in the country and further enhance the use of renewables such as solar PV and wind. Can batteries unlock the storage market in Brazil?
