

solar with battery tender price in Serbia 2026

The preparation of documentation is going as planned and the first works on the project in Serbia for solar power plants of 1 GW in total and batteries is expected by early , Minister of Mining and Energy Dubravka ?edovi? Handanovi? said. The preparation of documentation is going as planned and the first works on the project in Serbia for solar power plants of 1 GW in total and batteries is expected by early , Minister of Mining and Energy Dubravka ?edovi? Handanovi? said. Minister of Mining and Energy of Serbia Dubravka ?edovi? Serbia's Ministry of Mining and Energy has announced a second renewable auction to procure 124.8 MW of solar at a maximum price of EUR72 (\$75.90)/MWh. Bids are due by Feb. 5, . Serbia's Ministry of Mining and Energy has officially launched the country's second renewables auction. The ministry has The Serbian Ministry of Energy and Mining has awarded tenders for ten solar and wind projects with a total capacity of 645MW. The government announced the tender in November , and called for just 124.8MW of solar capacity, alongside 300MW of wind capacity. The successful bids were hailed as State-owned power utility Elektroprivreda Srbije (EPS) has issued a tender for professional supervision and consulting services for the development of self-balancing solar power plants. The contract is valued at approximately 5.5 million euros, with the deadline for applications set for 5 May. The Backed by EBRD and SECO, Serbia's second renewables auction allocated 645 MW of wind and solar capacity, with competitive prices starting at EUR50.9 per MWh for solar. Investors have submitted 41 proposals in Serbia's second auction, which has exceeded the 424.8 MW quota, and the total awarded Bid on readily available Serbia Solar Tenders with GlobalTenders, the biggest and best online tendering platform, since . Globaltenders offers an unmatched database of Solar tenders from Serbia, more than any other platform. Daily, new procurement opportunities for Solar are uploaded from Construction of 1 GW solar power project in Serbia to start by The preparation of documentation is going as planned and the first works on the project in Serbia for solar power plants of 1 GW in total and batteries is expected by early Serbia opens second renewables auction, tenders Serbia's Ministry of Mining and Energy has announced a second renewable auction to procure 124.8 MW of solar at a maximum price of EUR72 (\$75.90)/MWh.
