

## successful bid price of microgrid storage project in Bulgaria 2025

How many project proposals were submitted in Bulgaria's energy storage procurement procedure? A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage facilities with a cumulative minimum usable capacity of 3 GWh. How will the selected storage systems be distributed in Bulgaria? The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March . How much money does the NRRP provide for energy projects in Bulgaria? Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding. What is the largest Bess system in Bulgaria? The largest BESS online today in Bulgaria is a 25MW/55MWh system deployed by independent power producer (IPP) Renalfa and lithium-ion and BESS manufacturer Hithium. Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The final decision, announced on April 17, , concludes a competitive selection process that began with 151 proposals in August . Bulgarian tender awards nearly 10 GWh of energy Bulgaria's standalone energy storage tender, which aimed to procure at least 3 GWh of cumulative usable capacity, ultimately awarded more than three times that amount. Bulgaria 3GWh energy storage tender 4x oversubscribed Some 151 project bids for support were submitted for the scheme, which will provide up to 1.154 billion BGN (EUR590 million/US\$540 million) for up to 50% of the construction costs of 3.1GWh of standalone energy storage in Bulgaria. Surges with 9.7 GWh Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious energy storage tender to date. The standing results of the "National infrastructure for storage of These are the results of the successfully completed evaluation of the proposals received for investments under the BG-RRP-4. "National infrastructure for storage of Bulgaria's 3 GWh standalone energy storage tender A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage projects. Bulgaria Auctions Offer 3GW Renewable Energy and 1.17GW This auction is a crucial part of Bulgaria's National Recovery and Sustainability Plan, aiming to support economic and social recovery post-pandemic while promoting the Bulgaria energy storage project bidding. Bulgaria's Ministry of Energy has launched two tenders to add 1,425MW of renewable power generation to the grid and 350MW of battery energy storage system (BESS) projects. Energy Vault Achieves Successful Close of \$28 Million in Project Energy Vault Holdings Inc. (NYSE: NRGV) ("Energy Vault" or the "Company"), a leader in sustainable, grid-scale energy storage solutions, announced the successful close of Use Mega Bids to Drive Business Growth in September Lohfeld Consulting presents its monthly list of mega bids to help contractors navigate high-stakes multimillion- and multibillion-dollar contracts. Microgrids editorial
