

successful bid price of off grid solar storage project in Argentina 2026

The lowest price awarded was US\$10,161/MW/month, while the highest price awarded was US\$12,815/MW/month. Most of the capacity awarded in the tender will be contracted through Edenor, with seven projects for a combined 500MW, while Edesur has contracted three projects for a combined 167MW. Argentina's first energy storage tender secures 1.35 GW of bids

Argentina's first energy storage tender drew 1.347 GW of bids from 15 companies proposing 27 projects, exceeding the 500 MW target and representing more than Argentina's 1st BESS tender awards 667 MW of projects

Argentina's government said on Monday it has awarded contracts for 667 MW of capacity in its first tender dedicated to battery energy storage systems (BESS), exceeding its Argentina's first energy storage tender receives 1,347 MW of bids

The international tender, first announced in February, aimed to secure 500 MW of energy storage capacity for critical points in the Buenos Aires Metropolitan Area (AMBA) grid. Argentina energy storage bidding MIO and spread bidding create potential financial and reliability risk

o Storage resources are not strictly dispatched according to either their bids or to binding energy prices. o Instead, real-time Argentina's Oversubscribed Energy Storage Tender

Argentina's 1.3 GW battery storage tender marks a transformative leap toward grid resilience and clean energy leadership in Latin America. Argentina awards 667MW in first energy storage tender

The lowest price awarded was US\$10,161/MW/month, while the highest price awarded was US\$12,815/MW/month. Most of the capacity awarded in the tender will be Argentina Receives 1.3GW of BESS Proposals for First-Ever The AlmaGBA tender not only signals growing investor confidence in Argentina's energy transition but also sets the stage for grid resilience and renewable integration. Argentina Awards 667 MW in First Battery Energy Storage

Argentina has taken a decisive step toward modernising its electricity infrastructure with the conclusion of its first large-scale battery energy storage tender, awarding 301 Moved Permanently
