

## successful bid price of residential ESS project in Ethiopia 2030

What is the Ethiopian urban land policy & housing & real estate markets assessment study?The Ethiopian urban land policy, housing, and real estate markets assessment study has taken into consideration the previous studies such as the Ethiopia urban land supply and affordable housing study () and the Ethiopia urbanization review (). Is real estate housing a viable option for urban Ethiopians?With this escalating urban housing demand, the private sector has also engaged in developing real estate housing in urban Ethiopia, but its contribution is very small in filling the gap. Nevertheless, evidence shows that many urban Ethiopians still live in houses that are not conducive to a healthy life. Is there a market for land and housing in Ethiopia?There is no appropriate market that works for land and housing. The Ethiopian government has the responsibility to develop a market that is responsive to land and housing demand. The Federal Government of Ethiopia bears a significant amount of responsibility for developing a strategic and phased approach to developing urban land markets. Can land management improve the functioning of housing market in Ethiopia?The Study on Urban Land Policy, Housing, and Real Estate Markets in Ethiopia was conducted to provide evidence for designing efficient and sustainable land management, housing and real-estate that could enhance proper functioning of housing market in urban Ethiopia. Can the public sector meet escalating urban housing demand in Ethiopia?Moreover, there are spontaneous relocations to cities and towns, putting pressure on the government to satisfy housing demands. It has become uncertain for the public sector to meet an escalating urban housing demand along with a doubling of the current population in Ethiopia. Why is the real estate industry underdeveloped in Ethiopia?The real estate industry is underdeveloped and has had substandard practices in Ethiopia, especially in Addis Ababa. There is no system that delivers reliable information about the price, size, quality and availability of utilities, which could have been the basis for decision making by consumers, banks, cities, etc. Publications | Ethiopian Statistics Services HEADQUARTERS Ethiopian Statistical Service (ESS) 2QH3+9P8, Churchill Road, Addis Ababa Tele: +251-11553112, +251-11553011 P.O.Box: Email: info@ess.gov.et Ethiopia: Ten years development plan - by the Planning Economic growth has also slowed in recent years, which could strain a government facing political pressure within the country.
