

turnkey residential ESS EPC contract price in Ireland

What are energy performance contracts (EPCs)? In Ireland, the journey toward energy efficiency and decarbonisation is gaining momentum, and businesses, public bodies, and property owners have a powerful tool at their disposal: Energy Performance Contracts (EPCs). These contracts, which guarantee specific energy savings or improvements, are becoming increasingly popular. What is a SEAI / Energy Performance Contract (EPC)? SEAI are open to applications all year round. Energy efficiency / decarbonisation projects that set organisations on a trajectory to net zero. and support the energy contracting supply chain. Energy Performance Contracts (EPCs). Sample contract available here

What are energy performance guarantees (EPGs) & local energy supply contracts (lescs)? Energy Performance Guarantees (EPGs) - Traditional contract with energy savings clause included (e.g. as Liquidated & Ascertained Damages) if agreed savings not delivered. Local Energy Supply Contracts (LESCs) - ESCo owns plant equipment and is paid by client for provision of energy (e.g. heat). Costs up to contract award only. What makes an EPC different to traditional contracting? What makes an EPC different to traditional contracting is the focus on project outputs, such as carbon and energy savings, and not simply on supplying the technology. An EPC can be simply defined as the provision of energy services with a guaranteed outcome. What is an EPC & how does it work? An EPC can be simply defined as the provision of energy services with a guaranteed outcome. With an EPC, the ESCo takes full responsibility for the design and installation of a particular energy or carbon saving measure in return for a share of the potential cost savings. What are energy contracting support schemes (EPCs & EPGs)? SEAI: Energy Contracting Support Scheme For businesses looking to reduce operational costs and improve sustainability, EPCs and EPGs represent a highly viable solution. These agreements are tailored to individual projects and are designed to optimise energy consumption, reduce carbon emissions, and provide predictable financial benefits. Energy Performance Contracting Energy Performance Guarantees (EPGs) - Traditional contract with energy savings clause included (e.g. as Liquidated & Ascertained Damages) if agreed savings not delivered.
